**WHAT IS  
PARLER?**

# WHAT IS PARLER?

Launched in August 2018, the platform markets itself as an alternative to Twitter. It further describes itself as “a non-biased free speech driven entity.”

Parler is used similarly to Twitter. Users post “Parleys” that can be commented on, “echoed” (like retweets) and voted on. This is available on the web, as well as on the App Store and the Google Play Store.
