WHO IS DJ KHALED?

Khaled Mohamed Khaled, known professionally as DJ Khaled, is an American DJ, record executive, record producer, and media personality.

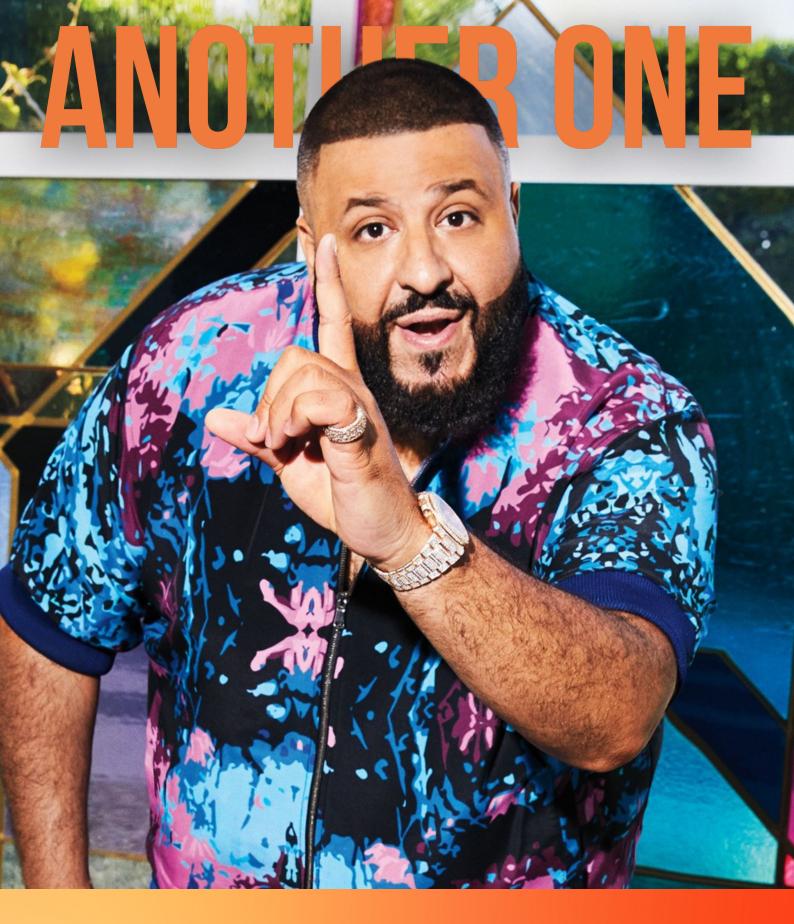

Khaled first gained prominence as a radio host in the 1990s on the radio station 99 Jamz, and translated his popularity by working with Terror Squad as a DJ for their live performances.

After gaining production credits on the group's material, Khaled released his debut studio album 'Listennn... the Album' in 2006, which earned gold certification.

His following two releases 'We Global' and 'Victory' were released after he founded the record label 'We the Best Music Group'. Both albums charted in the top ten on the US Billboard 200, with the latter containing the single "All I Do Is Win", which was eventually certified triple platinum.

Since this, his career has skyrocketed as he now stands as one of the most prominent figures in popular and online culture; still smashing out #1 albums.

"Another One" is a catchphrase associated with DJ Khaled, who repeats the phrase several times in succession in all of his music. Online, the expression is used as a meme and a reaction pic because of DJ Khaled's success in music and his impact on popular culture. Now, the once-simple phrase has a whole new meaning to younger, online generations where DJ Khaled is extremely well-known.
